7th February 2025

Dear Year 3 Parents/Carers,

**Re: Science Week 22nd April – 28th April 2025**

We are very excited to tell you that we will be celebrating the world of science with a science week, commencing on Tuesday 22<sup>nd</sup> April and running until Monday 28<sup>th</sup> April. To celebrate all things scientific, we will be undertaking a number of activities throughout the week to promote this fascinating subject.

As part of the week, it would be fantastic to have some guest speakers in to talk about any jobs or hobbies they have that are in, or involve any aspect of science. In previous years, we have had a dentist, a pilot, a sports performance data analyst and a surgeon in to speak and I know that they have enjoyed it as much as our children have enjoyed listening to them.

If you, or anyone you know is involved in any aspect of science, as a job or hobby and would be able to give up some time during that week, I would love to hear from you.

If so, please either fill in the form on the next page and hand it into the office, or phone the school directly on the number at the top of the page, leaving your name and number and I will get back to you.

Yours faithfully,

Mr P Gander  
Science Co-ordinator

I.....would be  
able to come in and talk to pupils during the science week.

The area of science / work (delete as applicable) that I am involved in  
is.....  
.....

My contact telephone number  
is.....
