Thursday 15th October 2026

Dear Parents/Carers,

Re: Year 4 Space Homework Project and Immersion Day!

We are excited to let you know that we will be holding a **Space Immersion Day** for the children on **Tuesday 3rd November 2026**.

Throughout the day, pupils will take part in a range of exciting space-themed activities designed to inspire curiosity, creativity and a love of learning.

As you are already aware, one of the highlights of the day will be the opportunity for pupils to use virtual reality (VR) headsets to experience space in an exciting and immersive way. Alongside this, there will be a variety of other fun activities.

To help make the day even more special, we would like to invite children to come to school **dressed as an astronaut, scientist, alien, planet, star or any other space-themed character**. There is no need to buy anything new; simple, homemade costumes are absolutely welcome. We are looking forward to a fantastic day of learning and adventure and are sure the children will enjoy this unique experience.

Additionally, we are not setting any spellings or spelling homework during the last week of Autumn term 1 and the half term holiday.

In readiness for our Autumn 2 topic of Space, we would like the children to create their own Space project and present it in any means that they like. This could be in the form of a drawing, a poster, a 3D model, a 2D model, painting etc. These projects would then be used throughout Year 4 to decorate the corridors and classrooms.

We have attached some ideas of potential projects, but we are happy with any creative projects your child may want to make.

Please could they be brought in on **Tuesday 3rd November**.

Thank you for your continued support.

Kind regards,

Miss Ma'k
Head of Year 4
